Greater Cleveland Regional Transit Authority
Application for ADA Paratransit Service

What is Paratransit Service?

The Americans with Disabilities Act of 1990 ensures that nondiscriminatory accessible transportation service is available for persons with disabilities. The law contains provisions for the acquisition of accessible vehicles by public and private entities, requirements for ADA complementary paratransit service by public entities operating a fixed-route transit system, and nondiscriminatory accessible transportation service.

Federal regulations define the ADA paratransit service area as being within 3/4 mile of a local fixed route when that route is in operation. If you have a disability that prevents you from using the regular fixed-route service, you may be eligible for Paratransit.

Greater Cleveland Regional Transit Authority ("GCRTA") Paratransit is a "shared-ride", origin-to-destination service available for those who, due to a functional disability or condition, are unable to use the fixed-route system. Eligibility may be unconditional, temporary, or under certain conditions.
