

Rider's Alert

Attention #64 and #263 Riders

Effective August 25, 2003, the existing #64 Olmsted Falls shuttle route will be incorporated into the #263 North Olmsted Park-N-Ride route, so that Olmsted Falls riders can have a continuous ride without needing to transfer. There will be three A.M. and three P.M. trips on this new routing. With this change, the #64 shuttle route is being discontinued.

Also, there will be additional A.M. service and later P.M. service on #263.
