

INTERAGENCY AGREEMENT OPPORTUNITY CORRIDOR QUINCY/EAST 105TH STATION

PLANNING & DEVELOPMENT
COMMITTEE

JANUARY 20, 2015

Greater Cleveland Regional Transit Authority

INTERAGENCY AGREEMENT

- Opportunity Corridor Section 2 is from East 93rd to Quebec and includes replacing the East 105th Street bridge over RTA and NS
- During the environmental process ODOT committed up to \$3.2 million to extend the existing Quincy/East 105th Station platform and construct an ADA compliant second headhouse

INTERAGENCY AGREEMENT

- Construction will be very similar to the existing station
- Preliminary estimate totals \$4.0 million
- ODOT portion is 80% up to \$3.2 million
- RTA portion is estimated at \$0.8 million
- ODOT is including this work in the Section 2 project which will bid this Spring

INTERAGENCY AGREEMENT

- RTA Engineering staff has been coordinating with ODOT and provided design criteria, standards, existing plans and station layout
- RTA staff will be involved in the bidding, plan review and construction phases

INTERAGENCY AGREEMENT

- Recommendation:

Staff recommends that the Planning & Development Committee move the Interagency Agreement with ODOT to the full Board for action
