

GCRTA SHAKER SQUARE STATION ADA MINI-HIGH RAMPS

Presented to the
CAC – ADA Committee
February 20, 2020

EXISTING WHEELCHAIR LIFTS

WHY RAMPS?

- Lifts are costly to maintain, frequent breakdowns and hard to keep clean.
- Existing lifts do not accommodate oversized wheelchairs.

OVERSIZED WHEELCHAIR IN THE EXISTING LIFT

Larger wheelchair entering lift:

Door cannot close to operate lift:

NEW ADA RAMPS

- Cast-in place concrete.
- Thermoplastic guard and handrails.
- Prefinished aluminum shelters.
- Low maintenance.

CONSTRUCTION OF NEW ADA RAMPS EASTBOUND

CONSTRUCTION OF NEW ADA RAMPS WESTBOUND

New ADA
ramp

NEW SHELTER AND RAILING (Proposed)
