Oracle Upgrade Implementation and Subscription Services

Presented to: Organizational, Services & Performance Monitoring Committee

August 09, 2022
Why Infrastructure as a Service?

- GCRTA’s current Enterprise Business Suite (EBS) will no longer be supported after 2023 and must be upgraded.
- The current version is hosted locally on old infrastructure and lacks Disaster Recovery and a Hot Standby site.
- The implementation of Infrastructure as a Service (IaaS) from Oracle will correct these deficiencies.
- The implementation of IaaS will also require an Oracle service agreement (licensing).
Infrastructure as a Service

- Align with GCRTA commitment to use hosted solutions to improve disaster recovery
- Consolidates integrations from secondary business systems to a single manageable platform
- Creates opportunity to use increased computing capability to enhance business processes
Section 306.43 (H)(6) of the Ohio Revised Code states that a sole source procurement is authorized when “the purchase substantially involves the services of a personal, professional, highly technical, or scientific nature, including but not limited to the services of an attorney, physician, surveyor, appraiser, investigator, court reporter, adjuster, advertising consultant, or licensed broker, or involves the special skills or proprietary knowledge required for the servicing of specialized equipment owned by the regional transit authority.”
Procurement Overview

Implementation Partner

Sole source with Applications Software Technology, LLC.

- Unique knowledge of GCRTA’s Oracle ERP System
  - Completed latest upgrade in 2011.
- Ability to complete the scope of work within the restrictive timeline based on proposal received on July 22, 2022.
- 0% DBE Goal
Applications Software Technology, LLC’s strengths and experience:

• Extensive work with these types of upgrades
• Thorough understanding of the Oracle infrastructure
• Understanding of the Authority’s needs and expectations
Applications Software Technology, LLC:
  • Clients include:
    • Greater Cleveland Regional Transit Authority (GCRTA)
    • LA Metro
