MEETING NOTICE

Notice is hereby given that the following meeting of the Board of Trustees of the Greater Cleveland Regional Transit Authority will take place on Tuesday, August 23, 2022 in the Board Room of the Authority, 1240 West Sixth Street, Cleveland, OH 44113 for consideration of the listed items and such other items that may properly come before the Board and be acted upon. This meeting will be live streamed on RTA’s Board Page www.RideRTA.com/board via the meeting date for staff and members of the public. Members of the public may attend in person.

Based on Centers for Disease Control ("CDC") guidance to avoid crowded places where you cannot stay 6 feet away from others and Ohio Department of Public Health advice regarding congregating and social distancing, as well as RTA’s interest in protecting community and employee health and safety, RTA Board Room and Meeting Room 1 capacity is limited to thirty-six (36) people to allow for social distancing. To accommodate members of the public, RTA will limit the number of staff permitted in the Board Room. All persons entering RTA’s Main Office Building ("MOB") at 1240 West 6th Street are required to maintain a distance of six feet or more from other individuals who are not members of their family or household.

As a result of a federal court order on April 18, 2022, the CDC’s January 29, 2021 order requiring masks on public transportation conveyances and at transportation hubs is no longer in effect. The CDC continues to recommend that people wear masks in indoor public transportation settings at this time. As a result, GCRTA recommends, but will not require, that members of the public wear a mask/face covering.

The meeting package will be posted on RTA’s website at (www.riderta.com/board), on RTA’s Facebook page, and RTA’s Twitter page.

Ms. Moss added that this procurement is done through the negotiated bid through the State of Ohio.

G. 2022-68 – Amending appropriations for the current expenses and other expenditures for the Greater Cleveland Regional Transit Authority, as adopted in Resolution No. 2021-112, to increase the transfers to the reserve fund by $50,000,000 and the Capital Improvement Fund by $4,497,292, the adoption of which was moved by Ms. McCall, seconded by Ms. Welch and approved by unanimous vote.

H. 2022-69 – Adopting the tax budget of the Greater Cleveland Regional Transit Authority for the fiscal year beginning January 1, 2023 and submitting the same to the Cuyahoga County Fiscal Officer, the adoption of which was moved by Mayor Weiss, seconded by Ms. Moss and approved by unanimous vote.

I. 2022-70 – Authorizing the first amended Memorandum of Understanding with the Cuyahoga County Board of Health for the Baby on Board - A Healthy Baby Initiative Program, the adoption of which was moved by Ms. McCall, seconded by Mayor Biasiotta and approved by unanimous vote.

Ms. Moss asked how well the program is being used. Mr. Schipper said as part of the agreement, Cuyahoga County Board of Health does the statistics (track usage, individuals, and outcomes). Originally, the program was set up for three zip codes. They received additional funding from ODOT. The program within the three zip codes was not drawing down as much of the funding as they thought, but the additional ODOT funding has allowed us to expand the program to all zip codes within Cuyahoga County. They want the County
Board of Health and the program to provide as many of the passes as possible. By expanding the program, they believe it will be a better outcome. The County invoices RTA for the bus passes and the passes are reimbursed by ODOT. Another part of the program includes upgrades to 16 bus shelter areas in the initial three zip codes. Eight of the 16 shelters have been received and assembled. This improves the waiting environment for expected mothers. The shelters are being funded by ODOT.

Ms. Moss asked how many people benefited from the first three zip codes. Ms. Feke said they can provide information on the people who received the passes and where they traveled. Ms. Moss added that success is determined by the usage. These programs are only good when marketed. Ms. Feke said last year was focused on set up. They recently had a marketing meeting with the County. As the bus shelters get installed, they will market that.

Secretary-Treasurer's Report

Rajan Gautam, Deputy General Manager of Finance and Secretary-Treasurer gave the report. The U.S. unemployment rate was unchanged in May and June at 3.6%. The Ohio rate remained steady at 3.9%. The Cuyahoga County rate remained steady at 5.5%. The County rate is not seasonally adjusted which causes the increase in the unemployment rate as reported. Looking at the five major metropolitan areas in Ohio, the height of the labor force was in February 2020 prior to the start of the Pandemic. After the Pandemic, we are now back to pre-COVID unemployment rates. For May unemployment rates for Cleveland was 5.5%, which has remained unchanged. Cincinnati (3.3%), Columbus (3.2%), Dayton (3.7%), and Toledo (4%).

June ridership was 20.7% above the June 2021 levels. YTD ridership is 19.4% above 2021 levels. Ridership dipped in June compared to the previous month, down 4.7%. Ridership has increased on all modes showing healthy gains compared to 2021 levels. For June, fare revenue totaled $1.89 million which is 15% higher than June 2021 and 11.2% higher than budget. YTD it was 22.2% higher compared to the same period in 2021. Sales tax revenue, which is the largest unrestricted revenue for RTA has remained strong. July 2022 receipts, which relate to the April 2022 economic activity, was 7.1% higher compared to July 2021, 5% higher than budget and 16 of the 23 categories that make up the sales tax base was positive in June. July 2022 compared to July 2021, motor vehicle and watercraft was 47.5% higher, online sales was 22.3% higher, and regular and statewide sales was 10% higher. The numbers on the right-hand side of the slide represent the YTD comparison.

The three distributions of the Federal Stimulus Funding totaled $315 million. CARES Act amounted to 35.5%, CRRSAA amounted to 21.4%. ARP amounted to 43.1%. Since these funds couldn't be used for capital purposes, it paid for the operations of the Authority. As a result, we were able to save the unrestricted revenues that would have otherwise been used to support operations (sales tax and passenger fares). The savings amounted to $315 million. Approximately 32% will be used to support the Operating budget to provide stability through 2027. The remainder of the funds relates to capital. The Debt Defeasance is considered as capital since we go out into the debt market only to raise funds to meet the 20% requirement for federal projects.

Mayor Weiss asked about the PM allocation. Mr. Gautam said FTA permits RTA to use a certain amount of capital dollars for operational purposes. Historically, they have drawn down $15 million - $20 million a year to support the operations. With the current funding, they have stopped drawing that down and keeping it in the capital program.
General Manager/CEO Report

India L. Birdsong, General Manager, CEO gave the report. RTA worked in conjunction with the Mayor’s Office on the Ohio Mayor’s Alliance event July 11, 2022. More than 32 mayors across the state were in attendance. There was a tour and a discussion on economic development. The Positive Impact Program was envisioned several years ago by employees working through the Public Transit Management Academy. The program provides mentoring to assist new operators. The program was led under Nick Biggar, Hayden District Director in partnership with HR, Marketing and the ATU. The program was piloted for three months. The first class will graduate August 8th. This program helps with recruitment and retention.

The Northeast Ohio/Cleveland Chapter of the Conference of Minority Transportation Officials (COMTO) sent representatives to the National Conference in Florida. Attendees included Jarrett Davis, chapter President in the Training Department and Tariq Mohammed, chapter Secretary, MDP. They networked with other chapters and learned about safety, mentorship and DBE.

The Community Immunity Bus had a full schedule of visits this month and continues with events throughout August. Graffiti HeArt is working with world renowned French artist Blek Le Rat, the “father of stencil graffiti”. RTA will be gifted an artwork from Le Rat. It will be showcased at GCRTA’s Cuyahoga Viaduct Pier near Merwin’s Wharf. Ms. McCall suggested Graffiti present to the Board. She suggested the French American Chamber of Congress be engaged in this project. Our sister city is Ruone, France. Ruone has a UH hospital. The doctors who started the Cleveland Clinic were in the Lakeside Unit of UH hospitals. Shc suggested more locations be identified. Ms. Birdsong said that two additional locations have been pitched to the artist.

Board member Valerie J. McCall and retired RTA GM, CEO Joseph Calabrese will be honored this October at the APTA Annual Meeting in Seattle, WA. McCall as Outstanding Public Transportation Board Member and Calabrese into the Hall of Fame. Transit Police escorted the residents at the Benjamin Rose Center for Aging for their Senior Prom. Ms. McCall commended the Transit Police for their community service. Ms. Moss asked how much it cost to convert the Community Immunity bus and how many shots have been given thus far. Dr. Caver said it cost less than $2,000 to convert the bus. The only cosmetics needed was a bus wrap which he believes was done through our bus wrap contract. The interior of the bus was already modified for community events. A monthly report of the shots can be provided.

President’s Report

President Lucas has attended several community events. The Transit Ambassador Program and Civilian Oversight Committee are in the works.

Public Comments

1. Chris Martin – Cleveland, OH – He asked more staff if they took the bus to today’s meeting. He asked if Transit Police was on duty when they chaperoned the event at Benjamin Rose. Chief Jones said they were not on duty. They volunteered. Pittsburgh spends less than $5 million on policing compared to RTA which spends $15 million on policing. They have 1/3 of RTA’s police force. Pittsburgh provides twice as many rides as Cleveland. In 2008, 30 officers were hired which are fare enforcement officers. In 2017, RTA was told that fare enforcement was unconstitutional. Currently there are 20 full-time fare enforcement officers because the 10 part-time officers were renamed in the budget. RTA spends $1.5 million on fare enforcement but less than 100 citations are issued each year. TP gets paid more than
operators. Why does RTA have a SWAT team. Will transit ambassadors be doing fare enforcement. There has not been an update on the Civilian Oversight Committee or why RTA does not have MOU’s with Seven Hills, Shaker Heights, Rocky River and City of Cleveland.

2. Larry Rodriguez – Cleveland, OH – Provide-A-Ride operators do not show up in uniform. He asked for business cards from the staff to send in his concerns. President Lucas added that the contractors have been in uniform, but he will have staff follow up.

3. Matthew Ahn – He is a law professor at CSU and a frequent rider. He does not have a car. He believes RTA is out of step with fare enforcement compared to other transit systems and transit best practices. Kansas City and Albuquerque have free fares. Despite a fare box recovery rate under 10% since the onset of COVID, RTA spends almost that much money on fare enforcement alone. This policy disproportionately harms the low income riders and deters the riders who need the most access to transit. HealthLine ridership is affected by the elimination of all-door boarding. He’s reached his destination faster on his bike compared to the bus. He asks if the signal prioritization on Euclid is working correctly. The fare enforcement policy doesn’t pay for itself and is actively damaging the service it provides. The only way to get people out of their cars is to provide useful and effective transit service. He asked RTA to rethink fare evasion.

4. Loh – She supports free fares. This would eliminate fare enforcement and IT expenses. RTA’s public image needs help. She’s heard complaints about new operators not being helpful and rude. The veteran operators are more courteous and helpful with seniors and disabled.

5. Brayon Miller – He’s a RTA intern. He attends the Ohio State University and is a RTA rider. He’s been doing research with the managers, operators and dispatch at the bus districts to improve operational consistency and customer satisfaction. He’s seen inhumane working conditions, stressed out Service Quality workers projecting on operators, dispatchers scheduling 16 hours shifts while requiring them to come in 8 hours later or cutting routes and managers being out of touch with operators and dispatchers. This creates a huge customer service issue. Employee satisfaction is 10x worse than 2020. He suggests hiring more operators to give dispatchers more leeway and give operators more time within their shifts. Managers need training on how to be more compassionate. Implement more equitable working conditions.

6. Plurin Gardner – She emailed Ms. Birdsong last year and followed up with calls this year to discuss her civil rights complaint. She did not like the outcome of the complaint. Ms. Birdsong said she will follow with her after she looks at the complaint.

7. Airic Stewart – He opposes free fares. RTA has a responsibility to the social and economic well being of the public through the implementation of public transit. RTA has encouraged apathy to grow among the public. Ms. Birdsong has not returned his calls. Board members have spent more time amusing each other instead of responding to questions from the public. President Lucas added that the questions sent in by Mr. Stewart were received and the responses were sent back to him. Staff will resend the responses.

Ms. McCall asked for a presentation on free fares to educate the public on what that would cost and what we use fares for. There is no such thing as free fares. The money must come from somewhere whether it’s from a local or federal earmark. RTA’s funding is still not equitable compared to other states. We’ve been told RTA wasn’t charging enough for fares and not cracking down on fare evaders. She commended Ms. Birdsong on the great job she
is doing. Responding to Mr. Stewart's 24 questions requires due diligence and takes time. President Lucas added that all questions and concerns are being recorded for follow up purposes.

**ACTION REQUEST:**

1.0 PURPOSE/SCOPE: This action will allow the Authority to enter into a contract to offer its employees accessibility to medical and prescription drug benefits for one year with three, one-year options.

2.0 DESCRIPTION/JUSTIFICATION: The Authority provides medical, prescription drug, dental, vision, life insurance, and flexible spending account benefits to its employees. This action will enable the Authority to continue to provide medical and prescription drug benefits for the period January 1, 2023 through December 31, 2023, with the Authority’s option to exercise up to three, one-year options.

3.0 PROCUREMENT BACKGROUND: The Request for Proposals ("RFP") was posted on the GCRTA website and advertised in the local newspapers, as required. Providers were asked to propose on any or all lines of coverage. Proposals for medical and prescription drug benefits were received on June 3, 2022. Oswald Companies, the Authority's third-party Benefits Consultant, along with a panel of Authority employees evaluated the proposals in accordance with established Procurement Policies and Procedures. After negotiations, the proposal of Community Insurance Company dba Anthem Blue Cross and Blue Shield ("Anthem") to provide both medical and prescription drug benefits was determined to be the most advantageous to the Authority.

Projected costs are based on current enrollment and rates established for each specific plan for the year 2023. A cost analysis has been performed by the Procurement Department, and the proposal of Anthem, as modified by negotiations, has been determined to be fair and reasonable to the Authority.

Please be advised the following resolution involving a DBE firm as the prime contractor will be presented at the August 23, 2022 Board meeting.

- Authorizing Contract No. 2022-049 with the Construction Support Solutions, LLC to provide services for Contract No. 2022-049 – On Call Schedule and Cost Control.

CC: IB: CK: db
1.0 PURPOSE/SCOPE: To allow the Authority to enter into a contract for On-Call Schedule and Cost Control ("OCSCC") services for a period of twenty-four (24) months.

2.0 DESCRIPTION/JUSTIFICATION: The OCSCC provider will assist the Authority in monitoring, and will be responsible for determining, the accuracy and completeness of contractors' schedules as well as the impact of past and potential issues associated with contractors' schedules. The OCSCC provider will also assist the Authority's Resident Engineer ("RE") in the change order process by providing independent estimates and reviews of contractor cost proposals, as needed. The OCSCC provider will also assist the RE in the review of contractor invoices. Finally, the OCSCC provider will assist in project closeout to assure that change orders and the final contract sum have been resolved in a complete and accurate manner.

3.0 PROCUREMENT BACKGROUND: The Request For Proposals ("RFP") was posted on the GCRTA Procurement web site and advertised in local newspapers. Nineteen (19) interested parties, including potential subcontractors, downloaded the solicitation package. These services were solicited through a competitive negotiated procurement, utilizing the Brooks Act procedures. Under this process, the Authority's evaluation panel first selects the most technically qualified firm, solicits a pricing proposal from that firm, and negotiates price only with that firm. Should the Authority determine that an agreement could not be reached with the most qualified firm, it may reject that proposal and repeat the process with the next most qualified firm. In this instance, negotiations were held with Construction Support Solutions, L.L.C., the first ranked firm, and an acceptable price was negotiated.

Construction Support Solutions, L.L.C. has successfully completed projects for the Authority, Kent State University, NASA, Northeast Ohio Regional Sewer District, ODOT, and the US Army Corp of Engineers, among others.

The Procurement Department performed a cost analysis and determined the proposed pricing to be fair and reasonable to the Authority.

4.0 AFFIRMATIVE ACTION/DBE BACKGROUND: All Affirmative Action requirements have been met. A 9% DBE goal was established for this procurement. The Prime Contractor is Construction Support Solutions, L.L.C., a certified DBE (Caucasian Female-owned) firm fulfilling the DBE participation goal established for this contract.

5.0 POLICY IMPACT: Does not apply.

6.0 ECONOMIC IMPACT: This contract shall be payable from the RTA Capital and/or the RTA Development Funds, Engineering & Project Development Department budget, including, but not limited to, 100% local funds and FTA grants to be determined, in an amount not to exceed $200,000.00 for a period of twenty-four (24) months.
7.0 ALTERNATIVES: Reject this offer. Rejection of this offer would leave the Authority without the technical expertise of a professional scheduling and estimating firm to supplement the resources of the Authority’s Engineering and Project Management Division.

8.0 RECOMMENDATION: This procurement was discussed by the Board of Trustees at the August 9, 2022 Operational Planning and Infrastructure Committee meeting. It is recommended that the offer from Construction Support Solutions, L.L.C. be accepted and the resolution passed authorizing the General Manager, Chief Executive Officer to enter into a contract.

1.0 PURPOSE/SCOPE: This action will allow the Authority to enter into a contract to provide Oracle Infrastructure as a Service ("IaaS") Subscription Services for a period of one year.

2.0 DESCRIPTION/JUSTIFICATION: The Authority has been utilizing Oracle technology and applications since 1995. These applications are used to support the Authority’s financial, procurement, and human resource activities. The current on-premises Oracle solution has reached its end of life. Market-driven support is being provided by Oracle until December 31, 2023. As a result, an Enterprise Business Suite ("EBS") upgrade is required to continue use of the Oracle modules and retain Oracle support. Currently Oracle is hosted locally on old infrastructure. As part of this upgrade, the on-premises infrastructure will be moved to the cloud using Oracle Cloud Infrastructure ("OCI"). This transition will ensure that the Authority has a stable and secure infrastructure solution that receives consistent patching and support and can grow with GCRTA as needs evolve. Additionally, using a hosted solution will improve GCRTA’s disaster recovery, decrease the burden on database staff, consolidate integrations from secondary business systems to a single manageable platform and create opportunity to use increased computing capability to enhance business processes.

3.0 PROCUREMENT BACKGROUND: This contract is exempt from competition as authorized by Section 306.43(H)(3) of the Ohio Revised Code, which provides that competitive procedures are not required when the expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof as supplied by the original source or its successors or assigns.

A cost analysis has been performed, and the Procurement Department has determined the negotiated proposal from Oracle America, Inc., in an amount not to exceed $173,934.00, is fair and reasonable to the Authority.

4.0 AFFIRMATIVE ACTION/DBE BACKGROUND: All Affirmative Action requirements have been met. A 0% DBE goal was established for this procurement due to the lack of certified DBE firms.

5.0 POLICY IMPACT: Does not apply.

6.0 ECONOMIC IMPACT: This procurement will be funded through the General Fund, Innovation & Technology Department budget, in an amount not to exceed $173,934.00 for a period of one year.
7.0 ALTERNATIVES: Reject this offer. Rejection of this offer would jeopardize the functionality of critical financial, procurement, and human resource/payroll systems vital to the organization.

8.0 RECOMMENDATION: This procurement was discussed by the Board of Trustees at the August 9, 2022 Organizational, Services & Performance Monitoring Committee meeting. It is recommended that the offer by Oracle America, Inc. be accepted, and the resolution passed authorizing the General Manager, Chief Executive Officer to enter into a contract.

Subject: Casualty Insurance Program Renewal Effective 9/1/2022

At the August 9, 2022 meeting of the Audit, Safety, Compliance and Real Estate Committee meeting, Judy Lincoln provided a summary of GCRTA's Casualty Insurance Program, including the final renewal results of the Excess Liability Program, Excess Workers' Compensation policy and the Public Officials' and Employment Practices Liability policy.

This year, we have been checking in with our brokers throughout the year, and below are some comments received:

- Market remains challenging for bus liability.
- Previous budget estimates:
  - As of September 2021: 10% increase as recommended by brokers
  - As of April 2022: 7.5% to 10% increase (worst case) per update from brokers
- GCRTA better placed in an extremely challenging market given careful risk management strategy and long-term partnership with insurers.

GCRTA Executive staff and Risk Management presented to three different groups of underwriters in three different virtual sessions and very valuable discussions took place. Our brokers believe that our underwriting submission is the best in their client book of business and tell us that this combined with our excellent loss record and long relationship with the underwriters allowed them to be aggressive in negotiating this renewal. London underwriters did send many questions this year. Again, we were complimented on the thorough responses we provided.

As reviewed in more detail in the attached resolution, the final result was favorable and we experienced a 3% increase in the excess liability premium for a new premium for September 1, 2022 to September 1, 2023 of $1,751,768. This is an increase of $51,385 and 6.3% or $118,672, well under the planned budgeted increase of 10%.

Attached is a resolution containing our recommendations for all lines of coverage to be presented to the full board for approval at the August 23, 2022 Board meeting.

IB/JL
1.0 PURPOSE/SCOPE: This action will provide GCRTA with catastrophic casualty insurance protection for a period of 12 months.

2.0 DESCRIPTION/JUSTIFICATION: GCRTA purchases a Casualty Insurance Program to protect its assets against catastrophic loss. The current Casualty Insurance Program expires September 1, 2022. Proposals for a new program were requested. The Casualty Insurance Program includes three policies: Excess Liability, Excess Workers’ Compensation and Public Officials’ & Employment Practices Liability. The main Excess Liability program contains General Liability, Rail Liability and Auto Liability coverage. Separate policies are purchased for Public Officials’ & Employment Practices Liability, as well as Excess Workers’ Compensation.

This resolution requests authorization for the Excess Liability program, as well as the Excess Workers’ Compensation policy. GCRTA will also purchase a Public Officials’ & Employment Practices Liability policy at a premium below the $100,000.00 small purchase threshold. The detailed results of that program renewal are summarized in the memo to the Board of Trustees sent with this resolution.

3.0 PROCUREMENT BACKGROUND: GCRTA’s casualty insurance brokers, USI Insurance Services National, Inc. (“USI”) and their partners, The Rutledge Group, as well as Price Forbes & Partners Limited (“Price Forbes”), their London brokerage partner, approached several commercial insurance markets seeking proposals for participation in the insurance program. As presented at the August 9, 2022 Board Committee meeting, this commercial liability insurance market remains challenging.

The brokers reported the following reasons, given by many underwriters, for the hard market over the past few years: numerous large bus liability claims that the insurance carriers are paying; claim sizes that have been multiples of expected loss amounts, causing insurers to dramatically increase premiums and either require higher self-insured retentions, or withdraw capacity altogether.

Final Program Results:

Final negotiations resulted in an entire program limit of $95 million in coverage, and an extremely favorable result of only 3% increase in premium, on the Excess Liability program. The final premium for the Excess Liability program for the September 1, 2022 / 2023 policy period is $1,751,768.00, a 3% increase over the expiring premium of $1,700,383.00. This is as compared to the 10% increase that was budgeted, for a savings of $118,654.00. The renewal premium for September 1, 2022 for the Excess Workers’ Compensation policy is $292,842.00 vs. an expiring premium of $292,602.00; an increase of $240.00 or virtually flat.
For all three lines of coverage contained in the Casualty Insurance Program, including the Public Officials' and Employment Practices Liability policy, the total renewal premiums are $2,144,510.00 as compared to expiring premiums of $2,093,690.00, a net increase of $55,820.00 or 2.7%. This is an exceptional result and the Authority's premiums remain below its peers; insurance companies remain impressed by the Authority's risk management, safety and security controls.

After evaluation in accordance with the Authority's established Policies and Procedures, the submittal from a group of underwriters for this casualty insurance program was determined to be the most advantageous to the Authority. Coverage limits, self-insured retentions and a list of the underwriters are shown in Attachment A, hereto. Based on the evaluation of cost and price by USI and its partners for the coverages identified, the Procurement Department has determined the negotiated price to be fair and reasonable.

4.0 AFFIRMATIVE ACTION/ DBE BACKGROUND: Does not apply.

5.0 POLICY IMPACT: Does not apply.

6.0 ECONOMIC IMPACT: This program shall be payable from the Insurance and General Funds, Risk Management Department budget, in an amount not to exceed $2,044,610.00 for a period of 12 months. The Authority maintains an insurance fund at a minimum level to fund severe losses within the self-insured retention. The intent is to utilize the interest income on the insurance fund to offset (and cover, if feasible) the annual liability insurance premium.

7.0 ALTERNATIVES: Reject this offer. Not adopting this resolution will put the Authority at risk of not having catastrophic liability insurance protection.

8.0 RECOMMENDATION: This insurance renewal program was discussed by the Board of Trustees at the August 9, 2022 Audit, Safety Compliance and Real Estate Committee meeting. It is recommended that the submittal of the underwriters through USI, and Price Forbes, or their successors, as negotiated, be accepted and the resolution passed authorizing the General Manager, Chief Executive Officer to enter into a contract.

AUTHORIZING THE DONATION OF TRANSIT COACH NUMBERS 1803 AND 1806 TO THE CUYAHOGA COMMUNITY COLLEGE DISTRICT'S TRANSPORTATION INNOVATION CENTER

Resolution No.: 2022-81
Date: August 18, 2022
Initiator: Human Resources

ACTION REQUEST:
☒ Approval ☐ Review/Comment ☐ Information Only ☐ Other

1.0 PURPOSE/SCOPE: This action will allow the Authority to transfer title to two coaches to the Transportation Innovation Center at the Cuyahoga Community College District ("Tri-C") for use in Commercial Driver's License (CDL) training, including for trainees of the Authority.

2.0 DESCRIPTION/JUSTIFICATION: Transit coach numbers 1803 and 1806 have both exceeded their useful life of twelve (12) years and are scheduled for disposal through sale as scrap. Both coaches were acquired on June 22, 2010. Coach number 1803 has 256,003 miles on it while Coach number 1806 has 263,052 miles. Tri-C has requested transit coaches for use in CDL training at its Transportation Innovation Center in Euclid, Ohio. The Authority sends many of its new operators to the Transportation Innovation Center for CDL training, and thus will directly benefit from enhancing the resources of the Center.

3.0 PROCUREMENT BACKGROUND: The transfer of material or equipment to a nonprofit entity having the general welfare or education of the public as one of its principal objects is an approved method of asset disposition. Pursuant to Ohio Revised Code Section 306.43(L)(6), the disposal of property by gift to such an entity is exempt from the competitive procurement process when the value of such property is such that competitive procedures are not appropriate. Pursuant to Ohio Revised Code Section 306.43(L)(4), a regional transit authority may dispose of property, without competitive procedures, to a department of the federal or state government, a political subdivision of the state, or to any other governmental entity. This transaction is exempt from competitive procedures under both subsections (L)(4) and (L)(6) of Ohio Revised Code Section 306.43 as Tri-C is both a political subdivision of the State of Ohio and an institution of higher education for the public.

4.0 DBE/AFFIRMATIVE ACTION BACKGROUND: Does not apply.

5.0 POLICY IMPACT: This disposal is consistent with the Greater Cleveland Regional Transit Authority’s disposition of property policy.

6.0 ECONOMIC IMPACT: The two coaches will be donated to Tri-C. No money will be generated from this action, nor will there be an expenditure of Authority funds. Tri-C will pay all costs incurred with this transaction. Previous scrap sales of transit coaches have resulted in a nominal return to the Authority.

7.0 ALTERNATIVES: Reject this offer. Dispose of the vehicles by an alternative method such as sealed bids or through our auction process.

8.0 RECOMMENDATION: It is recommended that the Board of Trustees adopt the resolution authorizing the donation of Coach Numbers 1803 and 1806 to Tri-C's Transportation Innovation Center.
